

TONATIUH ^[1]

Through our TONATIUH service we want to bring sea and air freight from Spain to Mexico a little closer, with weekly scheduled departures.

Although TONATIUH is the youngest service of APR, it's already fully established and running smoothly. We can assure you full control over your direct shipments to the port of Veracruz or to Mexico City airport.

We have our own reliable professionals in Mexico who are fully engaged to make your goods arrive safely to the indicated destination.

Consolidated export shipments to the following destinations:
