APR also offers customized solutions for shipping. Thus, we offer two different modalities to suit the needs of each customer:

- Consolidated shipments service (LCL)
- Full containers service (FCL)

Both modalities are available from all major ports in the world. Because of our experience in this field, we guarantee an efficient service, with high quality and full control over the shipments.

In reference to the Groupage modality (LCL) we have the following own services, with departures or arrivals to our warehouses:
